

## Student Uniform Policy

Marmion Primary School has a celebrated history and culture of high standards, academic excellence, and community partnership. Our school uniform reflects these standards, provides a sense of identity and belonging for our students and projects a positive image of our school in the local community.

Marmion Primary School asks caregivers to support students to make good decisions about how they present themselves at school or when representing their school, ensuring they are dressed appropriately and in line with the Uniform Policy. This supports the staff and allows students to focus on the important task of learning.

## Marmion Primary School

We are a sun smart school. No Hat, No Play applies all year round.

Items marked with \* are MPS specific items, and must be purchased from our onsite Uniform Shop, or a second hand equivalent. The Uniform Shop also supplies most other school uniform items, though it is not compulsory for these to be purchased at the Uniform Shop. Provided the school colours are worn and the policy is complied with, caregivers can purchase from other suppliers. The Uniform Shop sells second hand items that are all acceptable for wearing at school.

Families who are unable to purchase uniform items for any reason are encouraged to contact the school to arrange support.

If a student does not comply with the policy the Principal will make contact with the caregiver to discuss and resolve any issues. The Principal will not apply suspensions, exclusions or prevent non-complying students from attending or participating in any school activity unless negotiated with the caregiver.
