Dear Parents/Guardians

CONTRIBUTIONS, CHARGES AND PERSONAL USE ITEMS – 2024

The financial support of every family plays a major part in providing extra resources that extend the school's capacity to broaden the learning experience for all students. The quality of your child's teaching and learning program is maximised when each family makes its contribution and assists in supplementing funds gained from other sources, including the State and Commonwealth Governments.

At its October meeting, your School Board reviewed and approved the 2024 Personal Use Items Lists and Schedule of the Contributions and Charges, as required by The School Education Act 1999. The total amount of voluntary contributions requested of parents and carers for 2024 is \$60.00 per student, the maximum set in the School Education Regulations 1999.

The Schedule attached consists of five sections:

- (A) Contributions (Voluntary)**
 - Monies requested from parents towards the cost of materials, services and facilities used by K – 6 students in the educational program
- (B) Charges for Extra Cost Optional Items**
 - Costs for which payment is compulsory
 - Student participation in these is dependent on payment of the charge prior to the activity
 - The amounts indicated represent the maximum amount that a parent / carer could anticipate being charged for such activities during the year
- (C) Personal Items List for Personal Use in the Education Process**
 - Personal items for daily use
 - Please note that many of these items are able to be used from year to year – hence reducing the overall cost of the List e.g.: calculator
 - Purchase through the nominated seller is optional. Some items may require replacement during the year
- (D) Other Fundraising**
- (E) Optional Costs for Activities and Services Provided Through the School**
 - Costs for these vary
 - Parents / carers choose which activities or services they want their child to participate in and make payment accordingly

Payment of the \$60 Voluntary Contribution per student by ALL parents / carers will assist in supplementing school expenditure on resources for the benefit of every student. To facilitate this, payments can be made either in full on the Personal Items List, or directly to the school next year.

Your support of this schedule in 2024 will continue to enhance your child's learning opportunities and experiences.
